

Around the Council Table

An invitation was extended to the mayor and council to attend the opening of the Monticello Bowling Academy next Saturday evening.

A letter from the Sepulveda Celebration Committee was read, outlining the proposed caravan from San Fernando valley, north and from Seal Beach and Long Beach on the south, as a part of the celebration of the opening of this important highway, and asking the city of Torrance to join in the parade. No date has been set, but it is anticipated that the affair will be held in October.

The Redondo Beach H.P.O.E. and American Legion post of that city invited the council to attend its celebration of Constitution day, September 17. The affair will be held at the Elks clubhouse in Redondo Beach.

Mayor Scott R. Ludlow, City Attorney Ches. T. Rippey, Councilman W. H. Tolson and perhaps Councilman J. E. Hitchcock, if he can get away, will attend the convention of the League of Municipalities, to be held in San Francisco September 23-24-25 and 26.

The City of Hawthorne invited the council and others of the community to attend their first annual Indian Powwow celebration to be held there next Thursday, Friday and Saturday, September 19-20-21.

A resolution was adopted granting the request of Jacob Stern and Sons that the city vacate certain streets in tract 5559 of the McDonald tract, so that this subdivision might be put back into lots some years ago, but never sold. The city adopted a map showing the change at its last meeting, but the dead end streets and alleys were overlooked in the first request and the matter was adjusted at the Tues-

day evening meeting.

Permission was granted to the General Pipe Line corporation to transfer its lines in the city of Torrance to the General Petroleum Corporation. Certain of the franchisees were granted by the County of Los Angeles covering territory which is now included in city boundaries and others were granted by the city of Torrance.

Mayor Scott R. Ludlow's suggestion that a sign be erected on Western avenue to inform travelers of their approach to this city was referred to the Chamber of Commerce. The city owns a neon sign which was formerly in use at Main street and East road which under county ordinance had to be taken down. The question of where to put it will be threshed out later.

A resolution was adopted granting to the City of Redondo Beach jurisdiction to sponsor the extension of Elena avenue in that city and Catalina avenue in Hollywood-Riverside as a WPA project, provided that Torrance is not called upon to bear any of the expense, and that no assessments shall be levied on any property in the city. The project is included in a blanket request made for WPA funds.

Man Is Killed In Plunge Over Cliff Monday

Hermosa Beach Cabinet Maker Is Crushed In 125-foot Drop

Officers who removed the body of Chris L. Anderson, 55-year-old cabinet maker, of 420 Olwell street, Hermosa Beach, from the surf at the foot of a cliff in Malaga Cove Monday morning, were unable to determine whether the man lost his way in the heavy fog and had accidentally plunged to his death or had deliberately driven his car over the bluff.

Two men, H. Sutcliffe, 711 Walnut street, and George W. Cawthorne, 1033 South First street, Inglewood, who were passing, saw the incident and drove to Redondo Beach to notify police. Officers E. B. Straight and L. G. Allen, deputy sheriffs assigned to radio car patrol, were summoned and rescued Anderson's body from the wrecked car.

Anderson is said to have left home at 2 o'clock Sunday afternoon to attend a ball game, and had not returned. His death occurred at 7:30 Monday morning. On Tuesday, the deputy sheriffs who were investigating the circumstances surrounding the death of Anderson, found the body of A. B. Clifton, aged 40, of 140 South Mariposa street, Los Angeles, who had apparently ended his life by inhaling fumes from the exhaust of his car. An alarm clock in the machine had stopped at 4 o'clock. The car had been parked near the scene where Anderson plunged to his death and it is believed that Clifton-great had taken his life some time Sunday night.

There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size. The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a car selling at a higher price does not give you as much interior room as the Ford V-8. Rear seats are wide and restful... three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.
